

Edoardo Vittori, PhD, CAIA

EMAIL: edoardo.vittori@polimi.it

PROFESSIONAL EXPERIENCE

2025 - PRESENT	Intesa Sanpaolo IMICIB, Milan - Vice President, Cross Asset Systematic Trading - Working in a two-person intraday systematic trading unit, focusing on quantitative research - Setting research priorities, defining asset-class roadmap, and guiding model development - Driving resource planning and infrastructure build-up for scalable research and production deployment
2022 - 2025	Intesa Sanpaolo IMICIB, Milan - Vice President, AI Investments - Conducting quantitative research on fx and futures with machine learning - Researching alpha signals from limit order book and trades and quotes data - Supervising strategy implementation into production and monitoring live trading
2018 - 2022	Intesa Sanpaolo IMICIB, Milan - Associate, XVA Management - Pricing the XVAs of derivatives and hedging the XVA book with macro trading tilt - Conducting quantitative research and academic research as a doctoral student - Job rotation 2020 - Epsilon SGR Asset Management: quantitative investing - Job rotation 2019 - Intesa Sanpaolo: credit flow trading
2016 - 2018	Banca IMI, Milan - Analyst, XVA Management - Pricing the XVAs of derivatives and hedging the XVA book - Trading of IRS, FX spot, equity futures and options, fixed income futures, CDS indexes - Working closely with sales, trading, structuring and risk teams to structured derivatives for clients
SUMMER 2015	AMS (Alpha Magnetic Spectrometer), CERN, Geneva - Intern - Analyzing data from AMS under the supervision of Nobel prize Samuel C. Ting - Coordinating with NASA to monitor experiments and subsystems on the International Space Station

EDUCATION

2018 - 2022	Politecnico di Milano - Ph.D. in Machine Learning - Focus on reinforcement learning, online planning, bandits, online convex optimization - Applications: quantitative trading, optimal execution, market making, hedging, portfolio optimization
2017 - 2018	SDA Bocconi, Milan - Executive Master in Finance Specialized in advanced financial topics with a focus on banking transformation and leadership
2012 - 2016	Imperial College London - Master of Science in Mathematics, First - Nominated Secretary of the Erasmus Society and External Relations Officer of the Italian Society - Selected for Microfinance Tanzania, Mash Foundation; volunteered by advising local businesses
2014 - 2015	EPFL, Lausanne, Switzerland - Exchange year, Swiss-European Mobility Program Engaged in Harvard World MUN (Model United Nations) debate, Seoul

PUBLICATIONS AND LECTURES

- Reinforcement Learning in Queue-Reactive Models: Application to Optimal Execution. <i>Arxiv</i>, 2025 - Workshop on AI in Finance. <i>Organized, presented and moderated a panel, @ECAI 2025, Bologna</i>, 2025 - Quantitative Finance. <i>Guest lecture, HEC Fintech Summer School</i>, 2025 - Leveraging LLMS for Top-Down Sector Allocation In Automated Trading. <i>arXiv</i>, 2025 - Optimal Execution with Reinforcement Learning. <i>arXiv</i>, 2024 - Exploiting Risk-Aversion and Size-dependent fees in FX Trading with Fitted Natural Actor-Critic. <i>arXiv</i>, 2024 - CVA Hedging with Reinforcement Learning. <i>ICAIF</i>, 2023 - Dealer markets: a reinforcement learning mean field game approach. <i>North American Journal of Economics and Finance</i>, 2023 - Dark-Pool Smart Order Routing: a Combinatorial Multi-armed Bandit Approach. <i>ICAIF</i>, 2022 - Addressing Non-Stationarity in FX Trading with Online Model Selection of Offline RL Experts. <i>ICAIF</i>, 2022 - MCTS for Trading and Hedging. <i>ICAIF</i>, 2021 - Learning FX Trading Strategies with FQI and Persistent Actions. <i>ICAIF</i>, 2021 - Conservative Online Convex Optimization. <i>ECML</i>, 2021 - Dealing with Transaction Costs in Portfolio Optimization: OGDM. <i>ICAIF</i>, 2020 - Option Hedging with Risk Averse Reinforcement Learning. <i>ICAIF</i>, 2020 - Risk-Averse Trust Region Optimization for Reward-Volatility Reduction. <i>IJCAI</i>, 2020	
---	--

PROGRAMMING SKILLS

Advanced PYTHON	Intermediate VBA, MATLAB, R, SQL
-----------------	----------------------------------

INVOLVEMENT AND UPSKILLING

SUMMER 2021	DeepTech Entrepreneurship School Milan, Italy
SUMMER 2020	Deep Learning Reinforcement Learning Summer School Montreal, Canada
SUMMER 2015	Alpbach Astrophysics Summer School Alpbach, Austria
